Montana Prevailing Wage Requirements

The Commissioner of the Montana Department of Labor and Industry, in accordance with Sections 18-2-401 and 18-2-402 Montana Code Annotated, has determined the standard prevailing rate of wages for the occupations listed in this publication. The wages herein specified are controlling as to the prevailing rate of wages for the purposes of 18-2-401, et seq., Montana Code Annotated. It is incumbent upon each employer to pay, as a minimum, the rate of wages including fringe benefits for health and welfare, pension contributions, vacation, training, travel allowance and per diem, applicable to the locality in which the work is being performed, provided in the attached wage determinations.

Apprentices

Wage rates for apprentices registered in approved federal or state apprenticeship programs are contained in those programs. However, apprentices not registered in approved federal or state apprenticeship programs will be paid the prevailing wage rate.

Fringe Benefits

Section 18-2-405 of the wage and hour laws states that..."whenever the employer is not a signatory party to a collective bargaining agreement, those monies designated as negotiated fringe benefits shall be paid to the employee as wages." In Section I, all fringe benefits are in addition to the prevailing wage rates. In Section II, the vacation benefit amount is included in the prevailing wage rate. It can be deducted from the wage rate provided the employer is signatory to a collectively bargained agreement which contains a vacation fund and the benefit is then paid into the fund. If an employer is not signatory to a collectively bargained agreement, the vacation benefits must be paid as wages. It is not to be considered a part of the hourly rate of pay for overtime purposes. The other fringe benefits in Section II (health and welfare, pension, apprenticeship training, travel and per diem) are to be paid in addition to the prevailing wage rates.

Posting Notice of Prevailing Wages

Section 18-2-406, Montana Code Annotated, provides that contractors, subcontractors and employers who are performing work or providing services under public works contracts as provided in this part shall post in a prominent and accessible site on the project or work area, not later than the first day of work, a legible statement of all wages to be paid to the employees on such site or work area.

Employment Preference

Section 18-2-403, Montana Code Annotated requires contractors to give preference to the employment of bona fide Montana residents in the performance of the work on a public works project.

Computing Travel Benefits:

Section I, Heavy-Highway Construction

The zone hourly rates applicable to each project shall be determined by measuring the road miles over the shortest practical maintained route from the county courthouse of the following cities or the employee's home, whichever is closer, to the center of the job:

Billings	Glendive	Lewistown
Rozeman	Great Falls	Miles City
Butte	Havre	Missoula
Dillon	Helena	Sidney
Glasgow	Kalispell	

Section II, Building Construction

Travel pay shall be determined by measuring the road miles over the shortest practical maintained route from the county courthouse of the following cities or the employee's home, whichever is closer, to the center of the job. Each city shall be considered the point of origin only for jobs within that district (as shown below):

District 1 - Kalispell	District 6 - Bozeman
District 2 - Missoula	District 7 - Lewistown
District 3 - Butte	District 8 - Billings
District 4 - Great Falls	District 9 - Glasgow
District 5 - Helena	District 10 - Miles City

Heavy-Highway Definition

Section I, "Heavy-Highway" rates are used statewide and pertain to projects involved in the construction fields other than building or residential. Federal Davis-Bacon wage rates have been adopted by the Montana Department of Labor and Industry for use in Heavy-Highway construction projects.

Building Definition

Section II, "Building" rates contain prevailing wage rates for the state by district. They are categorized according to the major occupation with a finer breakdown of occupational categories within.

Prevailing Wage Districts

Montana counties are aggregated into ten districts for the purpose of prevailing wage. Following the description is a map showing these districts.

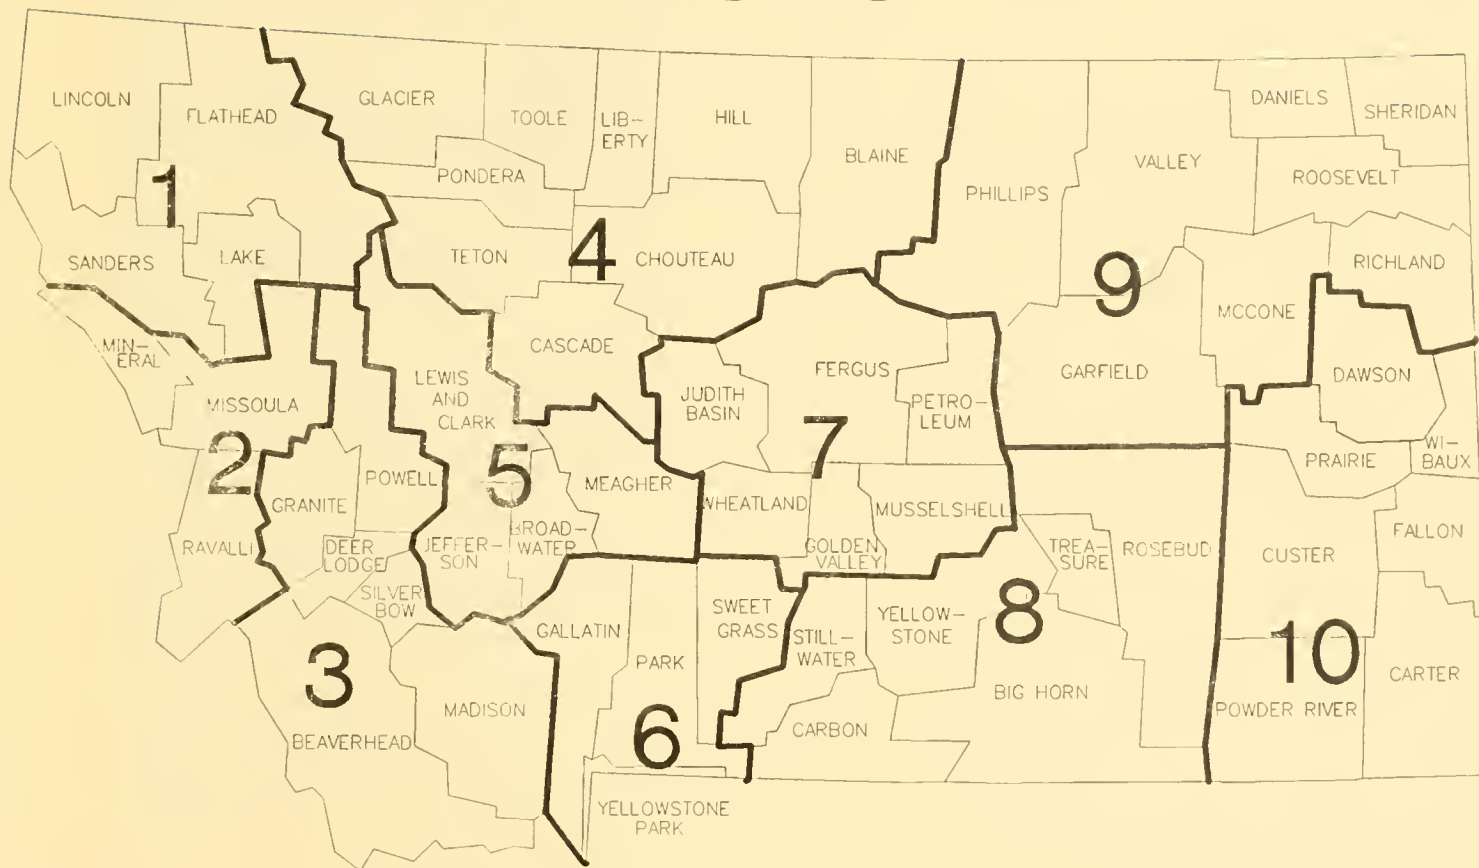

District 1 - Flathead, Lake, Lincoln, Sanders
District 2 - Mineral, Missoula, Ravalli
District 3 - Beaverhead, Deer Lodge, Granite, Madison, Powell, Silver Bow
District 4 - Blaine, Cascade, Choteau, Glacier, Hill, Liberty, Pondera, Teton, Toole
